DRUG and ALCOHOL DEPENDENCE

Subject index

Volume 47 (1997)

Abstinence; Cocaine; Human; Smoke; Self-administration; Withdrawal; Subjective effects; Cues **47**, 117

Accidents; Driving; Drug; Control routines **47**, 125

Addiction; Drug dependence; Drug abuse **47**, 63

Addiction severity; Cocaine dependence; Alcohol dependence; Treatment outcome; Psychiatric symptomatology; Relapse prevention **47**, 55

Adolescents; Conduct disorder; Substance use; Attention-deficit hyperactivity disorder; Major depressive disorder; Gender **47**, 87

AIDS; Social network; Drug Network; Social support; HIV **47**, 137

Alcohol abuse; Alcohol dependence; Drug dependence; Drug abuse; Harmful use; Substance use disorders **47**, 217

Alcohol consumption; College students; Problem behaviors **47**, 237

Alcohol dependence; Cocaine dependence; Treatment outcome; Addiction severity; Psychiatric symptomatology; Relapse prevention **47**, 55

Alcohol dependence; Drug dependence; Alcohol abuse; Drug abuse; Harmful use; Substance use disorders **47**, 217

Alcohol; Drug; Disorder; SCAN **47**, 187

Alcohol; Tobacco; Cannabis; Illicit drugs; University students **47**, 145

Alcohol use disorder; Disabilities; Drug **47**, 171

Alcohol; WHO study; Drug use; Reliability; Validity; Dependence; Harmful use **47**, 161

Antisocial personality disorder; Substance abuse; Sociopathy; IDU; HIV Risk Factors **47**, 99

Attention-deficit hyperactivity disorder; Conduct disorder; Substance use; Major depressive disorder; Gender; Adolescents **47**, 87

Blood toxicology; Heroin; Sydney **47**, 45

Cannabis; Alcohol; Tobacco; Illicit drugs; University students **47**, 145

Cocaine dependence; Alcohol dependence; Treatment outcome; Addiction severity; Psychiatric symptomatology; Relapse prevention **47**, 55

Cocaine; Human; Smoke; Self-administration; Withdrawal; Abstinence; Subjective effects; Cues **47**, 117

College students; Alcohol consumption; Problem behaviors **47**, 237

Conduct disorder; Substance use; Attention-deficit hyperactivity disorder; Major depressive disorder; Gender; Adolescents **47**, 87

Control routines; Driving; Drug; Accidents **47**, 125

Crack; Self-administration; Subjective effects; Craving; Drug-seeking **47**, 1

Craving; Self-administration; Crack; Subjective effects; Drug-seeking **47**, 1

Cues; Cocaine; Human; Smoke; Self-administration; Withdrawal; Abstinence; Subjective effects **47**, 117

Dependence; WHO study; Alcohol; Drug use; Reliability; Validity; Harmful use **47**, 161

Diagnoses; DSM-IV alcohol; Drug **47**, 195

Diagnoses; ICD-10 alcohol; Drug **47**, 207

Disabilities; Alcohol use disorder; Drug **47**, 171

Disorder; Alcohol; Drug; SCAN **47**, 187

Driving; Drug; Control routines; Accidents **47**, 125

Drug abuse; Alcohol dependence; Drug dependence; Alcohol abuse; Harmful use; Substance use disorders **47**, 217

Drug abuse; Drug dependence; Addiction **47**, 63

Drug-abuse; Prison; Population; Nigerian **47**, 39

Drug; Alcohol; Disorder; SCAN **47**, 187

Drug; Alcohol use disorder; Disabilities **47**, 171

Drug dependence; Alcohol dependence; Alcohol abuse; Drug abuse; Harmful use; Substance use disorders **47**, 217

Drug dependence; Drug abuse; Addiction **47**, 63

Drug; Diagnoses; DSM-IV alcohol **47**, 195

Drug; Driving; Control routines; Accidents **47**, 125

Drug; ICD-10 alcohol; Diagnoses **47**, 207

Drug Network; Social network; Social support; HIV; AIDS **47**, 137

Drug-seeking; Self-administration; Crack; Subjective effects; Craving **47**, 1

Drugs; Questionnaires; Methodological differences **47**, 19

Drug use; WHO study; Alcohol; Reliability; Validity; Dependence; Harmful use **47**, 161

DSM-IV alcohol; Diagnoses; Drug **47**, 195

Ethanol; Social drinkers; Subjective; Naltrexone; Opioid antagonist **47**, 109

Follow-up outcomes; Methadone maintenance; Motivation; Treatment process; Treatment retention **47**, 227

Gender; Conduct disorder; Substance use; Attention-deficit hyperactivity disorder; Major depressive disorder; Adolescents **47**, 87

Harmful use; Alcohol dependence; Drug dependence; Alcohol abuse; Drug abuse; Substance use disorders **47**, 217

Harmful use; WHO study; Alcohol; Drug use; Reliability; Validity; Dependence **47**, 161

Heroin; Blood toxicology; Sydney **47**, 45

HIV; Injection opioid user; Methadone maintenance treatment **47**, 11

HIV Risk Factors; Substance abuse; Antisocial personality disorder; Sociopathy; IDU **47**, 99

HIV; Social network; Drug Network; Social support; AIDS **47**, 137

Human; Cocaine; Smoke; Self-administration; Withdrawal; Abstinence; Subjective effects; Cues **47**, 117

ICD-10 alcohol; Drug; Diagnoses **47**, 207

IDU; Substance abuse; Antisocial personality disorder; Sociopathy; HIV Risk Factors **47**, 99

Illicit drugs; Alcohol; Tobacco; Cannabis; University students **47**, 145

Injection opioid user; HIV; Methadone maintenance treatment **47**, 11

Major depressive disorder; Conduct disorder; Substance use; Attention-deficit hyperactivity disorder; Gender; Adolescents **47**, 87

Methadone maintenance treatment; HIV; Injection opioid user **47**, 11

Methadone maintenance; Motivation; Treatment process; Treatment retention; Follow-up outcomes **47**, 227

Methodological differences; Drugs; Questionnaires **47**, 19

Methodology; Substance use; Recruiting; Response rates **47**, 155

Motivation; Treatment process; Treatment retention; Follow-up outcomes; Methadone maintenance **47**, 227

Naltrexone; Ethanol; Social drinkers; Subjective; Opioid antagonist **47**, 109

Naltrexone; Relapse; Opiate detoxification **47**, 77

Nigerian; Prison; Population; Drug-abuse **47**, 39

Opiate dependence; Processes of change; Transtheoretical model; Spanish addicts **47**, 31

Opiate detoxification; Naltrexone; Relapse **47**, 77

Opioid antagonist; Ethanol; Social drinkers; Subjective; Naltrexone **47**, 109

Population; Prison; Nigerian; Drug-abuse **47**, 39

Pretreatment motivation; Methadone treatment; Therapeutic process **47**, 227

Prison; Population; Nigerian; Drug-abuse **47**, 39

Problem behaviors; Alcohol consumption; College students **47**, 237

Processes of change; Opiate dependence; Transtheoretical model; Spanish addicts **47**, 31

Psychiatric symptomatology; Cocaine dependence; Alcohol dependence; Treatment outcome; Addiction severity; Relapse prevention **47**, 55

Questionnaires; Drugs; Methodological differences **47**, 19

Recruiting; Substance use; Methodology; Response rates **47**, 155

Relapse; Naltrexone; Opiate detoxification **47**, 77

Relapse prevention; Cocaine dependence; Alcohol dependence; Treatment outcome; Addiction severity; Psychiatric symptomatology **47**, 55

Reliability; WHO study; Alcohol; Drug use; Validity; Dependence; Harmful use **47**, 161

Response rates; Substance use; Methodology; Recruiting **47**, 155

SCAN; Alcohol; Drug; Disorder **47**, 187

Self-administration; Cocaine; Human; Smoke; Withdrawal; Abstinence; Subjective effects; Cues **47**, 117

Self-administration; Crack; Subjective effects; Craving; Drug-seeking **47**, 1

Smoke; Cocaine; Human; Self-administration; Withdrawal; Abstinence; Subjective effects; Cues **47**, 117

Social drinkers; Ethanol; Subjective; Naltrexone; Opioid antagonist **47**, 109

Social network; Drug Network; Social support; HIV; AIDS **47**, 137

Social support; Social network; Drug Network; HIV; AIDS **47**, 137

Sociopathy; Substance abuse; Antisocial personality disorder; IDU; HIV Risk Factors **47**, 99

Spanish addicts; Processes of change; Opiate dependence; Transtheoretical model **47**, 31

Subjective effects; Cocaine; Human; Smoke; Self-administration; Withdrawal; Abstinence; Cues **47**, 117

Subjective effects; Self-administration; Crack; Craving; Drug-seeking **47**, 1

Subjective; Ethanol; Social drinkers; Naltrexone; Opioid antagonist **47**, 109

Substance abuse; Antisocial personality disorder; Sociopathy; IDU; HIV Risk Factors **47**, 99

Substance use; Conduct disorder; Attention-deficit hyperactivity disorder; Major depressive disorder; Gender; Adolescents **47**, 87

Substance use disorders; Alcohol dependence; Drug dependence; Alcohol abuse; Drug abuse; Harmful use **47**, 217

Substance use; Methodology; Recruiting; Response rates **47**, 155

Sydney; Blood toxicology; Heroin **47**, 45

Therapeutic process; Methadone treatment; Pretreatment motivation **47**, 227

Tobacco; Alcohol; Cannabis; Illicit drugs; University students **47**, 145

Transtheoretical model; Processes of change; Opiate dependence; Spanish addicts **47**, 31

Treatment outcome; Cocaine dependence; Alcohol dependence; Addiction severity; Psychiatric symptomatology; Relapse prevention **47**, 55

Treatment process; Treatment retention; Follow-up outcomes; Methadone maintenance; Motivation **47**, 227

Treatment retention; Follow-up outcomes; Methadone maintenance; Motivation; Treatment process **47**, 227

University students; Alcohol; Tobacco; Cannabis; Illicit drugs **47**, 145

Validity; WHO study; Alcohol; Drug use; Reliability; Dependence; Harmful use **47**, 161

WHO study; Alcohol; Drug use; Reliability; Validity; Dependence; Harmful use **47**, 161

Withdrawal; Cocaine; Human; Smoke; Self-administration; Abstinence; Subjective effects; Cues **47**, 117
